Toll Rates are subject to change without notice.
On calls costing \$.50 to \$.99 federal tax is 10c; from \$1 to \$1.99 tax is 15c;
\$2 and over, 20c.

LONG DISTANCE RATES TO FOREIGN COUNTRIES

Long distance rates to most foreign countries have been greatly reduced. For instance, a 3-minute day call from here to London or to Paris now costs \$27.00. Three-minute calls to these points at night or on Sunday cost \$21.00.

Call "Long Distance" for rates to other foreign points, also for rates to any town in the United States not shown on this page.

General Information

Service Applications, Changes and Discontinuances

Applications for new service, changes in or additions to existing service or equipment, may be made at our business office, in person, by telephone or by mail. Ample notice will help us to move telephone equipment so that service will be practically uninterrupted.

Bills and Payments

Bills are rendered monthly and upon presentation are payable at our business office by mail or in person. They cover local service charges in advance for a one month period from date of the bill, and long distance charges for a one month period preceding the date of the bill. Prompt payment of bills is requested. If bills become delinquent, service may be denied. When service is denied because of non-payment a charge of \$1.00 is applicable for restoration of service.

Service Difficulties

To give uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it to the Repair Service. Do not report unsatisfactory service to the operators, as conversations, by operators, beyond that necessary to complete connections, impair the service. Reports of unsatisfactory service should be telephoned, not written, as a more satisfactory investigation is possible when an immediate report is made to the Repair Service.

Attachments to Telephones

In order to render satisfactory telephone service, it is important that this Company own and maintain all of the apparatus and equipment connected with its lines. Attachments to telephones often have a direct effect on the service. It is for this reason, that the Telephone Company does not sanction the use of any devices on its equipment, except those furnished by the Company.

Advertising Telephone Numbers

Business subscribers often find it convenient to their customers to place their telephone numbers on their stationery, cards, advertising, etc. The Telephone Company recommends doing this, but the growth of the city and the corresponding growth of telephone facilities sometimes requires the change of telephone numbers. It is therefore suggested that stationery, cards, etc., which show the telephone number, not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the telephone number being changed with a subsequent directory.

Business customers who have more than one telephone number will receive the greatest benefits from their service if the telephone numbers are grouped or consecutive and only the first telephone number of the group is advertised to the public.

Information About the Directory

This telephone directory is issued by the Southwestern Bell Telephone Company and remains the property of the Company. No binder, holder, or auxiliary cover, except such as may be furnished by the Company, shall be used in connection with any telephone directory furnished by the Company. Directories are not to be mutilated and are to be delivered to the carrier who leaves the new directory.

It is for the subscriber's benefit that all old directories are collected by the carrier when new issues are delivered. Numbers are frequently changed and the use of obsolete copies results in calling wrong numbers. If you do not receive the new directory, or if additional copies are needed, call or write the Business Office.

LAWRENCE PUBLIC LIBRARY

Errors in This Directory

While every effort is made to improve each issue of the directory and to eliminate all errors, yet the Company does not assume any liability because of errors and omissions that may occur in this directory. Occasionally, however, errors will be found. It will help if you will check your own listing in the directory, and if it is incorrect in any way, call the Business Office, so that it will be corrected in the next issue. To lessen the possibilities of error it will be helpful to report any changes in listings as soon as their need becomes known instead of waiting until near the closing date. This will avoid the possibility of waiting too long, and not getting the change in the next directory.

Directories of Other Cities

Telephone directories of cities throughout the country will be obtained for patrons by this Company. Prices and other information may be secured by calling the Business Office.

Reduced Night and Sunday Rates

After seven o'clock every night, and *all day Sunday*, long distance rates are reduced on both station-to-station and person-to-person calls, except on calls to nearby points.

The table of long distance rates on the inside cover of this directory illustrates the saving possible by making your calls after 7:00 P. M., or on Sunday. The Long Distance operator will be glad to give you the rates to any points, without obligation.

How To Make Out-of-Town Calls

Decide first whether the lower priced "Station-To-Station" service can be used or whether the higher priced "Person-To-Person" service is necessary. To help you decide, these calls are explained below.

Station-To-Station Calls

A Station-to-station call is one on which you agree to talk with anyone who answers at the called telephone.

To place a Station-to-Station call, ask your local operator for Long Distance and when Long Distance answers give her your call.

If you know the desired number, say, for example, "I want Kansas City, Mo., Victor 4568." If you do not know the desired number, say, for example, "I want Kansas City, Mo., John Doe's residence at 3601 Lindel Blvd." or "I want Kansas City, Missouri, the Mayfield Hotel."

If you know the number of the called telephone, give it to the long distance operator. It will speed your service materially. "Information" will be glad to supply numbers in principal cities on request.

The rates are less than on "Person-to-Person" calls.

There are no report charges on "station-to-station" calls, except in the case of collect calls not completed because of the refusal of the called party to accept the charges.

Charges begin when the called telephone is answered.

Charges may be reversed. A slight additional charge is made when the initial rate is less than 25 cents.

Advertising

Rates for advertising space in this directory will be furnished upon request to the Manager.

Additional Listings

For each customer a single line insertion in the alphabetical list is made without charge. Customers may arrange for additional listings under such regulations as apply to main listings to be placed in the alphabetical directory. Rates for additional listings may be obtained from the Business Office.

Listings Not Appearing in the Directory

Between directory issues many telephone numbers do not appear in the current issue of the directory due to changes and new installations. Patrons may obtain these telephone numbers from "Information."

Person-To-Person Calls

A Person-to-Person call is one on which you wish to talk to a particular person, or wish to reach a particular department. The rate on a Person-to-Person call is higher than the rate on a Station-to-Station call.

To place a Person-to-Person call, ask your local operator for Long Distance and when Long Distance answers give her your call. Example: "I want Topeka, Kansas, 9816, Mr. John Smith," or "I want Topeka, Kansas, Mr. Henry White at the Kansan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your call. "Information" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "over-time" charges begin.

If the called telephone is reached but the call cannot be completed because the person desired is not available and cannot be reached elsewhere, a nominal report charge is made to compensate the Telephone company for work done on the call.

Collect Calls

If the charges on the call you are placing are to be paid at the distant telephone you should tell the operator when placing the call that it is a "collect" call. The charges, if accepted by the customer at the distant telephone, will be billed to that telephone.

**TELEPHONE
NUMBERS
of
out-of-town folks**

It Means Faster Service If You Will Call By Number

NAME	TOWN	NUMBER

**RAPID SERVICE TO
KANSAS CITY *and* TOPEKA**

If YOU know the number of the telephone wanted at the above points, you can obtain more rapid service on Station-to-Station calls (if not collect) by giving your call to the first operator answering you, saying for example:

"Kansas City, Victor 1234. This is 9016."

Its **V**alue depends on You

PPRICE AND VALUE are very different things. Price is what a thing costs you. Value is what that thing is worth to you.

Unless what is offered has a value equal to or exceeding its price, you just don't buy.

The value of telephone service cannot be measured. It depends, not on us, but on you. One call may merely save time and bother of which the money value is small. The very next one may be worth hundreds or thousands of dollars. A third may save a friend, a job, or a life.

We make the price of your telephone as low as we can and still safeguard the quality of the service, assure its progress, and keep the business financially sound.

You make the value of your telephone what you will. It is your privilege to make it worth much more than it costs.

SOUTHWESTERN BELL TELEPHONE

CO.

4 tips on telephoning

- 1 Be sure you know the number. Unless you are positive, it's a good idea to look it up.
- 2 Wait at least a minute, to give the person you are calling a chance to answer. He may be upstairs or in the basement, and unable to reach the telephone quickly.
- 3 Try to answer *your* telephone promptly. The person calling may decide you are not at home, and hang up. You may miss an important call.
- 4 Make sure the receiver is on the hook when not in use. Otherwise, your telephone is "dead" — no one can call you.
