INTRODUCTION

- "Mr. Andrew Gray, of Camp Chase, Ohio, arrived in town Saturday on a visit to his three sisters, Mrs. Wilson, Mrs. Wallace, and Mrs. Henderson, living in this city."
- "Yesterday, the seventieth birthday of Mrs. Charlotte V. Cutter, .."
- "Z.D. Wood, a New Yorker, aged fifty-six, and his wife, C.A. Wood, sixty years old, born in Vermont."
- "Col. J.C. Steele ... the fiftieth birthday of his eldest daughter, Mrs. Mary V. Dean"

These and similar informative items, along with items less informative or redundant, are among the 5,500 newspaper articles indexed here. Some of the information is directly useful for genealogical research and other information gives clues to other sources of data for productive research. Information includes relationship, married woman's maiden name, death date, death place, birth, marriage, birthday celebration, wedding anniversary, location of birth place or residence before moving to Douglas County, or location of residence after moving from Douglas County.

What newspapers are indexed?

The Lawrence daily newspapers available on microfilm in the Lawrence Public Library are indexed. The newspapers are those of March 1873 through December 1877 and July 1878 through August 1881. Lawrence daily newspapers are not available for January through June 1878.

What kinds of items are indexed?

We indexed each item in the news and letters columns that indicated information that might be useful for genealogical research concerning a resident, former resident, or a relative of a resident of Douglas County. A researcher should read every item indexed for an individual, as the name may have been printed differently or different relationships or other details may have been reported. Where only a surname is shown in the index, the usual reason is that the newspaper article contains information pertaining to two or more people having that surname.

The Lawrence newspapers reported some news of Douglas County people outside Lawrence, but much less than for Lawrence people.

What parts of the newspapers are not indexed?

Legal notices and commercial advertisements are not indexed.

Are page numbers printed on the newspapers?

The newspapers generally had four pages, and page numbers were not printed. To aid the user, in most cases we have listed a page number; that is, the first, second, third, or fourth page of the order in which they appear on the microfilm. Sometimes a second copy of a page is on the microfilm, in which case we did not count the second copy in our page numbering.

How can copies of the newspapers be seen?

Microfilms of the newspapers indexed are in the Lawrence Public Library, the Research Library of the Kansas State Historical Society in Topeka, and those for March 1874 through March 1875 are also in the Kansas Collection at Spencer Research Library, University of Kansas. Those in the State Historical Society are available for interlibrary loan.

Can I have someone make copies of indexed items for me?

Upon written request with payment in advance and clear specification of items wanted, the Douglas County Genealogical Society will make copies of indexed items. The cost in 2000, subject to change in the future, is ~~\$5~~ for one or more items on one page of one newspaper and \$1 for items on each additional page of any newspaper in the same request. Be aware that additional items for the same person may or may not contain additional information. Our address is P.O. Box 3664, Lawrence, KS 66046-0664. *\$6 in 2008*

Is the index complete and perfect in every respect?

We have done our best, but there may be some mistakes and omissions. The index has been proofread with the work sheets, but the work sheets have not been checked against the newspapers. If you don't find an item on the page listed, look at the other pages in the same issue. If still not found, look at the previous and following issues. We indexed according to the spelling given in the newspaper, so look for possible alternate spellings or misspellings including typographic errors. For example, if looking for Riggs also look for Biggs; if looking for Paroyne also look for Perrine.

What did one newspaper have to say about the value of preserving newspapers?

The Daily Kansas Tribune, 22 November 1874, commented

The files of our city papers constitute extremely valuable archives, which increase in worth as time rolls on and detailed data of current events in the past become scarcer. Unlike the parent states, Kansas was fortunate in having a vigorous press, contemporaneously with her first settlement, and consequently all important events of her exceptionally

eventful history is of record on the pages of her papers. To preserve in the safest and most convenient form complete files of their papers should be the care of our commonwealth and our cities. It occurs to us that here in Lawrence we have a most convenient means through which this may be assured in the future. Our city library is furnished day by day and week by week with the issues of our local press. Let the city council authorize and instruct the city librarian to carefully preserve the files in her care and from time to time have them bound in a convenient shape for preservation. Their constantly enhancing value would amply repay the trifling expense.

The newspaper said nothing about the value of indexes, possibly because that would have been asking too much at that time.

GENEALOGICAL INFORMATION IN NEWSPAPERS OF LAWRENCE, DOUGLAS COUNTY, KANSAS: INDEX FOR 1873-1881

A Wedding.

At one o'clock yesterday, Mr. Hallowell, of the firm of E. L. Meyer & Co., Hutchinson, Kansas, was united in matrimony with one of the favorites of Topeka, Miss Dollie Campbell, at the residence of Mr. Gemmel, whose wife is her sister. The

I spent a delightful hour in the office of the State Historical Society. The files of 175 different newspapers and periodicals of Kansas, bound as annuals, is no small affair itself. I was particularly

Steele Family Festival.

There occurred on Tuesday at the residence of Col. J. C. Steele, in Bloomington, one of those neighborhood and family gatherings which are so pleasant a feature of our Kansas society. The particular occasion of the gathering was the fiftieth birthday of his eldest daughter, Mrs. Mary V. Dean, and was also intended as a mark of respect to the venerable head of the family, himself, now in his seventy-sixth year. There was a very large gathering

DIED.

JOHNS.—In this city, on Saturday at midnight, August 28, 1877, of typhoid fever, Mr. John Johns, a 84-year-old brother of Mr. David Evans, aged thirty-two years. Funeral on Monday at two p. m., on New Jersey street between Warren and Henry.

Marriage of a Lawrence Couple.

We find the following in the Denver News of last Sunday:
Henry F. Tower, Esq., secretary of the Denver Roofing Company, was married on the 18th inst. to Miss Clara B. Smith. The bride and groom were both former residents of Lawrence, Kas., where they have
