**RECORDING OF TELEPHONE CALLS**

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

# HOW TO USE A DIAL TELEPHONE

## OBTAIN CORRECT NUMBER FROM DIRECTORY

Most telephone numbers are in the directory. In fact, three out of every four calls to the information operators are for calls listed in the directory. Needless calls to information waste your time; it means two calls instead of one. For numbers not listed in the directory Dial "113".

## REMOVE THE RECEIVER AND LISTEN FOR DIAL TONE

Be sure to listen for the steady hum of dial tone before dialing; otherwise you may get a wrong number or no number at all. If you do not hear the dial tone immediately, please wait for it, as the dial tone is a signal that indicates the equipment is ready to handle your call.

## TO CALL ANOTHER PARTY ON YOUR LINE

### At Lawrence

- To call another number on your line dial the listed number; you will then hear a steady high-pitched tone.
- When you hear the steady high-pitched tone, dial your 1-digit station code which has been mailed to you. After dialing your station code a busy signal will be returned.
- When you hear the busy signal hang up. Both your telephone and the other party's telephone will ring.
- When your bell stops ringing your party has answered. Pick up the receiver and begin your conversation. If the other party does not answer, your bell will continue to ring. To stop it, lift your receiver for a few seconds then hang up again.
- If you do not have your station code, dial the operator and she will obtain it for you.

### At Lecompton

- To call another number on your line, dial the code number shown on the card "other parties on your line" which was mailed to you.
- After dialing this code hang up. Your telephone and the telephone of the party you are calling will then ring.
- Both telephones will ring until the party you are calling has answered. When the ringing stops, your party has answered. Pick up the receiver and begin conversation.
- If the party you are calling does not answer, your bell will continue to ring. To stop it pick up your receiver for a few seconds, then hang up again.

## TELEPHONE NUMBER PREFIX

The telephone number prefix in Lawrence is Viking and in Lecompton the prefix is Tulip. For the sake of brevity Viking is abbreviated as "VI" and Tulip is abbreviated as "TU" in directory listings.

## LONG DISTANCE CALLS — OPERATOR HANDLED

Because of "Operator Distance Dialing" it is essential that the complete telephone number, including the name prefix and all numerals, be used in making or receiving long distance calls. It is possible that all persons who may call you to give their operator your complete number. Long Distance calls go through faster—often twice as fast—if you give the number of the distant telephone.

## STATION-TO-STATION CALLS

When you talk with anyone who answers at an individual line or party-line telephone or private switchboard.

Station-to-Station Calls To Other Cities are placed by dialing "O" and telling the operator who answers, the city or town you want, the out-of-town telephone number, if you have it, or the name and address under which it is listed.

## DIAL THE NUMBER

Dial the first two letters of the central office name and then each of the numerals in the telephone number you wish to

call, permitting the dial to return without interference. If the return of the dial is slowed or speeded up, it may result in a wrong number.

## LISTEN FOR RING OR BUSY LINE

Shortly after you have completed dialing, the telephone you are calling will begin to ring, unless the line is busy. The "ringing signal" will be heard in the receiver as burr . . . burr . . . burr. If the line is in use, you will hear the "Busy Signal" as a buzz-buzz-buzz sound.

## COLLECT CALLS

Upon request, the charges on calls to most points within the continental United States, Alaska, Canada and to certain overseas points; may be collected at the called station.

Your long distance calls  
go through faster  
when you call by number,  
like this...

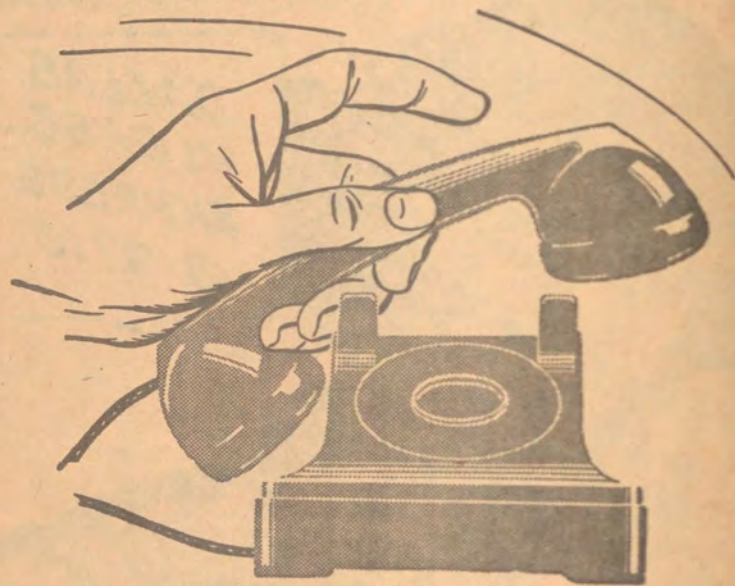

Keep a list of the out-of-town telephone numbers you are most likely to call. Then, save time by giving the operator the number when you call long distance.

If you want to talk to a certain person, give the operator his name, as well as the number, when you place your call.

**Your call will go through faster  
...often twice as fast!**

# 300,000 people a day "hang up" too soon!

Three hundred thousand people a day in the Southwest "hang up" before the person they are calling has a chance to answer his telephone. If they would only wait a full minute they would get more answers on their calls.

For best telephone service:

1. *Be slow to hang up when calling.*
2. *Be quick to answer when called.*

## Good telephone service for party liners...

Party-line service is *good* service when those on the line co-operate to make it so. Here are some of the things you can do to get the greatest value from your party line:

- 1—When you have several calls to make, allow a little time between them. That gives others on the line an opportunity to make or receive calls.
- 2—If the line is in use when you try to call, hang up quietly. Wait awhile before trying again.
- 3—If you have children, teach them party-line courtesy, too.

Your courtesy and consideration will encourage others on the line to follow your good example. When everyone is trying to co-operate, everyone has better service.

## HOW TO USE THE YELLOW PAGES

*When you want to  
BUY SOMETHING...*

Suppose it's FURNITURE . . . just do this:

FIRST, find "Furniture" or "Furniture-Retail" on the "F" pages.

THEN, pick out the dealer who interests you most, who sells the kind of furniture you want, or whose location is convenient to you.

Use the directory in exactly the same way, whether you want a florist, a druggist, a hardware store, tires, a tractor, or any one of hundreds of other products or services.

*When you want to FIND  
A BRAND NAME PRODUCT  
OR SERVICE...*

Suppose you want a dealer for a nationally known and trade-marked product such as a TYPEWRITER or an AUTOMOBILE:

FIRST, turn to "Typewriters" on the "T" pages or "Automobiles" on the "A" pages.

THEN, look for the brand name of the product you're seeking. From the list of dealers under the particular nationally advertised product, type-writer or automobile, you can select a convenient dealer. It's just as easy as using the dictionary.

*When you have forgotten  
a business firm's name  
but remember the address..*

You may forget a business firm's name but remember its location:

For example, you want to call the laundry near 600 Main Street.

SIMPLY turn to the "Laundries" classification.

HERE you will find the laundries listed, and then all you have to do is look for the address, which you know, or for the name which you may recognize as soon as you see it.

*Even when you  
KNOW THE NAME...*

the Yellow Pages will frequently help you. Suppose you want to telephone Wilson, the mover. All the movers are listed in the classified at the classification of "Movers" on the "M" pages, and it is easier to find your Wilson among the few listed under "Movers" than in the long list of Wilsons in the alphabetical directory.

*And please remember...*

the Yellow Pages not only tell "who buys, sells, rents, repairs"—they also provide much helpful information on the products and services handled by individual firms.

## FILLS THE BILL FOR EASY SHOPPING

**WHEN IS SHOPPING EASY?** When you know where to buy what you're looking for. The Yellow Pages of your telephone directory "fill the bill" for easy shopping—they give the name, address, and telephone number of the store or person who sells any product or service available in your town.

**TURN THROUGH THE YELLOW PAGES** of this directory. You'll see products and services listed in alphabetical order under bold-type headings. Then under each heading you'll find the firms that sell, rent, or repair that item. Some stores have ads that give information on brands they carry, store hours, deliveries, and special services.

**YES, THE YELLOW PAGES ARE EASY TO USE**—a big saver of time, money, and effort. Make the most of them. When in doubt about "where to buy it," always look first in the Yellow Pages.
