TO ADD VALUE TO YOUR TELEPHONE SERVICE

ANSWER PROMPTLY...

When your telephone rings, answer promptly. A delay may cause you to miss an important call.

IDENTIFY YOURSELF...

When you answer, identify yourself immediately with some such phrase as "1732" or "Smith Department Store." Answering in this manner eliminates needless questioning . . . saves time.

WAIT SEVERAL RINGS...

When you place a call, give the called party time to get to his telephone from another part of the house, or even from the yard. Wait several rings . . . about a minute.

SPEAK DISTINCTLY...

Talk directly to the telephone. Your lips should be about half an inch from the mouthpiece. Use a natural, pleasant voice. Don't whisper. Don't shout.

FACTS ABOUT LONG DISTANCE SERVICE

To assist you in choosing the service to use

STATION-TO-STATION CALLS

The rates are lower on these

On the lower-priced station-to-station call, you talk to anyone who answers at the *number called*. To make a station-to-station call:

Call "Long Distance." Give operator name of the town to which you want to talk, and the telephone number, if you know it. For example, say "Memphis, Tennessee, 9-8798," or "Memphis, Tennessee, Mr. John Ford's residence at 197 Court Avenue."

Be sure **not** to specify any particular person, or the number or location of any private branch exchange station (such as Room 711, Hotel Excelsior, or Shipping Department). Such calls take the higher person-to-person rate.

Facts About Station-to-Station Calls

1. Rates are lower than person-to-person calls except on some collect calls where the rate is 25 cents or less. See rate table on inside front cover of this directory.
2. They are usually more quickly completed than person-to-person calls.
3. Where the rate is 25 cents or less, you are permitted a five-minute conversation without additional charge except on some collect calls. Where the rate is over 25 cents, the initial period is three minutes.
4. The call is timed from the moment the called telephone is answered.

PERSON-TO-PERSON CALLS

You talk to a particular person

On person-to-person calls, you call for a particular person, or a particular extension, such as "Room 711, Hotel Excelsior." This service assures your getting to talk to the person you want. To make a person-to-person call:

Call "Long Distance." Give operator name of the town, the telephone number or address, and the name of the person or department you want. For example, say "Memphis, Tennessee, 9-8798, Mr. John Ford," or "Memphis, Tennessee, 9-8798, Extension 711."

Facts About Person-to-Person Calls

1. Charges begin when you start talking with the called **person** or with anyone at a called extension telephone.
2. All initial periods are for three minutes. The rate for person-to-person calls is somewhat higher than for station-to-station calls.
3. We will make repeated attempts on the same or a later day to reach the person with whom you want to talk, at different telephones or even in different towns. No additional charge is made for this service. However, on calls within the State, if your party cannot be reached for reasons beyond the control of the telephone company, or your call is canceled, a report charge is made.

COLLECT CALLS . . .

You may reverse charges; that is, have them billed to the called telephone. Simply tell the operator you want to call collect. If the called party agrees to pay the charges, they will be billed to his telephone.

FOR FASTER SERVICE . . . CALL BY NUMBER . . .

If you know the number of the distant telephone, give it to Long Distance. It will speed your call.

4 tips on telephoning

1 Be sure you know the number. Unless you are positive, it's a good idea to look it up.

2 Wait at least a minute, to give the person you are calling a chance to answer. He may be upstairs or in the basement, and unable to reach the telephone quickly.

3 Try to answer *your* telephone promptly. The person calling may decide you are not at home, and hang up. You may miss an important call.

4 Make sure the receiver is on the hook when not in use. Otherwise, your telephone is "dead" — no one can call you.

ONE call may do the work of two—if you check business numbers first in the YELLOW PAGES.

I've got your number!

Just keep me in a handy place, near your telephone, and I can help you a lot.

You see, that's what I was made for, to give you correct telephone numbers. Oh yes, I can give you the correct spelling of names and I can verify your neighbor's initials. But giving you correct telephone numbers is my main job.

It's always a good idea to be sure of a telephone number before you call. One wrong number wastes more of your time than it takes to look up half a dozen right numbers.

Co-operation pays on party lines

Party-line neighbors reap dividends in better telephone service when they make calls brief...allow time between calls...replace receiver properly when finished.

Information says:

“PLEASE LOOK”

(perhaps the number's in the book)

*When this caution goes unheeded,
Lots of extra time is needed.*

1 1 1

*Circuits crowded in this way,
Often cause undue delay.*

1 1 1

*Check your number — when you do,
ONE call does the work of TWO!*

1 1

... of this rhyme
... and
... time.”
